For nearly three decades EPIC International, Inc. with General Offices headquartered at 10993 Richardson Road Ashland, Virginia 23005 U.S.A has provided high quality, high performance products and services for municipal and industrial water management and wastewater treatment.

EPIC is the exclusive North American Agent for the Landustrie Sneek Archimedean, ISO 9001 **Screw Pumps**. For the best of all worlds, the Screw Pump bodies, upper and lower bearing assemblies, shafts and water deflector plates are manufactured to exacting ISO standards at Landustrie's state of the art facilities in The Netherlands; while the special drive motors, gear reducers, belts and sheaves, couplings, lubrication pump systems and controls are from premiere U.S.A. manufacturers. In addition to Screw Pump design calculations and selection assessments, site services for screw pump installation and screeding assistance, operator training and start-up are included in the total EPIC package.

In addition to Screw Pumps, EPIC International manufactures a series of modular, pultruded fiberglass screw pump covers, which are appropriately called ***Flight Deks***.

Other fine products manufactured by EPIC International include high performance, extra heavy gauge stainless steel **Floating High Speed Aerators** and **Floating Down Pumping or Directional Mixers**.

I invite you to use and make yourself at home in our web-site and look forward to hearing from you whenever we may be of assistance with your pumping, aeration, mixing or safety cover needs.

I am

Very truly yours,

Tracy R. Young
